WT Brief Introduction 公司简介

Weitong Hardware Tools Factory is a professional manufacturer specializing in the production and processing of pry bars, nail pullers, masonry chisels, tire lever bars, tire mounting bars and other hand tools. We have a complete production process and a well-established, scientific quality management system. Our integrity, manufacturing capabilities and product quality have earned widespread recognition in the industry.

Our company is recognized as a successful model among industry peers. With a down-to-earth business philosophy and competitive pricing, we have earned the trust of customers worldwide. While providing professional, high-quality products, we also place great importance on employee development and team building. Over the years, we have cultivated a skilled, knowledgeable and dedicated workforce committed to delivering reliable products and excellent customer service.

Our products are primarily manufactured from tool steel using integral forging processes, offering excellent impact resistance, high toughness and durability. With a comprehensive range of product types and specifications, they are widely used in maintenance and repair applications across the fire protection, industrial, agricultural and mechanical processing sectors. We are committed to creating greater value for our customers through high-quality products and professional services.

Values and Principles
经营理念

致力于把高品质的产品和专业的服务提供给客户

We are committed to providing high quality products and professional services to customers
